

# Northern Hamster Club- Otley Show- 20th May 2023

## Show Secretary's Report

I have been attending Otley show since I was a child, well before I was involved in the hamster club's. I have attended as a spectator, with farm and with horsey friends. I have rarely missed a year that it has been held since I have been old enough to walk around and enjoy it. Otley shows weather has always been predictable it is always one extreme or the other, lovely hot sunshine or pouring down rain either that day or the day before and wellies are then a definite must. We were yet again fortunate for another year of sunshine so much so we had to have the tents side down to let the cool air through to help keep the hamsters cool.

We had a lovely show, it was lovely to see familiar faces coming back and a huge thanks to all the helpers. We do really appreciate the help the hamster club could not run without everyone all helping out at the shows. The outdoor shows get very busy with members of the public asking questions and wanting to see the hamsters and its lovely to have club member to engage with them and help out. We really do appreciate all your support. Thank you again for another great year at Otley Show.
